

CPC Building Guidelines

We hope and pray this message finds you safe and well. During the COVID-19 situation, the Session has been meeting electronically and working to maintain our presence in the community and continue reaching out to members. We thank Reverends Lolly and Bunny for their leadership during this time.

The Session recognizes the need to continue to comply with the restrictions in place as mandated by the State of Illinois. We plan to follow the guidelines set forth by health officials and our governmental leaders since these are important for the safety and well-being of our membership, employees, and the larger community.

To that end, the Session has decided that our church building will remain closed until further notice. The Session and Trustees have authorized several individuals to enter the building on a limited basis related to security, any necessary operational or building maintenance, and administration of the church.

At the same time, the Session and Trustees are working on plans and a potential timeline for re-opening of the building and its functions. Preparation would involve a thorough cleaning(s) of the facilities as well as planning for gradual social interaction, including programs and worship.

We all miss the comfort of our church home and the ability to meet and worship together. We pray for the time when we can celebrate together as a church family. In the meantime, we ask that, until further notice, no one enter the church without the express permission of the Session. This approach is critical for the safety and well-being of our members, employees, and those several individuals authorized to enter the building.

If for any reason you need/want to enter the church building, before doing so, please contact Rev. Bunny at 847-691-0236 or Rev. Lolly at 847-471-6710

We thank you and appreciate your full cooperation.
